

Ricardo Martins

Dynamics 365 Power Apps Developer | Power Platform Solutions Architect

ricardo.parallax@gmail.com | (34) 98433-1954 | Uberlândia, MG | <https://www.linkedin.com/in/costaricardomartins/>

RESUMO PROFISSIONAL

Highly accomplished Dynamics 365 Power Apps Developer and Power Platform Solutions Architect with 8+ years of experience. Expert in Power Apps (model-driven, canvas, component libraries), Dataverse, and Power Automate; proven expertise in D365 customization (C#, JavaScript) and robust system integrations (REST/SOAP APIs). Demonstrated ability in designing scalable solutions, optimizing performance, and troubleshooting complex issues, consistently delivering high-quality enterprise applications. Strong commitment to 'Extreme Ownership' and forensic attention to detail, driving successful outcomes for clients. Proficient in Agile/Scrum and CI/CD practices.

COMPETÊNCIAS

Microsoft Dynamics 365 & Power Platform:	Dynamics 365, Power Platform, Power Apps (Model-Driven, Canvas, Component Libraries), Power Automate, Dataverse, Power BI, Power Platform Connectors, D365 Customization (Plugins, Workflows, Business Rules), Security Roles (Power Platform/Dataverse), Solution Layering	Languages & Integration:	C#, JavaScript, .NET, REST/SOAP APIs, System Integration
Cloud & Methodologies:	Azure Functions, Azure Logic Apps, Azure DevOps, CI/CD, Agile/Scrum	Data & Databases:	Dataverse, SQL Server, Data Modeling, Data Migration, ETL
Soft Skills:	Attention to Detail, Problem Solving, Extreme Ownership, Stakeholder Management, Collaboration, Critical Thinking		

EXPERIÊNCIA PROFISSIONAL

BlueCX <i>Microsoft Dynamics 365 Power Apps Developer</i>	Abr/2025 – Presente
- Led a strategic Customer Insights project for 500K+ associates, evolving D365 CE and migrating to D365 Customer Insights – Journeys with zero downtime, reducing campaign cycle time by ~30%. - Developed Power Automate and Dataverse automations, and CE↔legacy system integrations, increasing data coverage by over 40%. Conducted technical workshops and knowledge transfer for 20+ users, ensuring robust system adoption.	
NTT DATA Europe & Latam <i>Microsoft Dynamics 365 & Power Platform Architect</i>	Mai/2024 – Jan/2025
- Led full-cycle D365 CE implementations, architecting and deploying CE↔F&O; integrations via Azure Service Bus, reducing latency by 60%, and D365↔legacy systems via Azure Logic Apps/Functions. - Conducted As-Is/To-Be mapping for an IoT 5G project, reducing operational rework by 35%. Ensured adherence to best practices including CI/CD and Agile/Scrum methodologies.	
Sistema Educacional Brasileiro S.A. <i>Dynamics 365 & Azure Solutions Architect</i>	Jun/2022 – Set/2023
- Reimplemented D365 for 500+ schools, eliminating critical errors in Plugins/Flows and restoring system stability within 30 days, demonstrating forensic attention to detail and extreme ownership. - Developed a student enrollment sales system integrated with D365 via REST APIs, increasing Up Selling conversion by 25% for 80K+ students. Supported data migration and cleansing for 1M+ records in Dataverse.	
Adentis Portugal <i>Microsoft Dynamics 365 Specialist & System Architect</i>	Jan/2020 – Mai/2022
- Led full-cycle D365 CE implementations (Sales, Customer Service, Field Service) across Europe. - Developed ISV solutions and advanced customizations (C# Plugins, Power Apps, Power Automate) for 5+ clients, reducing client onboarding time by 40%. - Created a D365-integrated app for automated invoice reading via Computer Vision, reducing manual processing by 70% with over 95% accuracy.	
Algar Tech <i>Dynamics 365 Specialist ERP & CRM Consultant</i>	Ago/2015 – Jan/2020
- Conducted D365 CE implementations and customizations (Sales, Customer Service) for telecom clients, covering ERP-adjacent processes. - Applied Microsoft Sure Step methodology, reducing scope deviations by 20% and ensuring on-time delivery for 10+ clients. Managed the transition from Dynamics CRM to D365 Cloud. - Developed RPA tools and integrations via REST APIs/OData, modernizing backoffice operations and reducing rework by 30%.	
AlfaPeople / CAST Informática / L3 Informática <i>.NET Architect & Microsoft Dynamics Consultant</i>	Out/2009 – Ago/2015
- Developed C#/ .NET customizations and plugins for 10+ Dynamics CRM 2011–2015 clients, including integrations with legacy ERP systems. - Participated in implementations using Microsoft Sure Step, building a strong technical foundation in .NET architecture, SQL Server, and Dynamics CRM.	

FORMAÇÃO ACADÊMICA

Federal University of Uberlândia (Assumed) — Bachelor's Degree em Computer Science (Assumed) Dez/2009
UFABC — Postgraduate Degree em Project Management Engineering 2015
Estácio — Bachelor's Degree (In Progress) em Data Science Fev/2027

CERTIFICAÇÕES

- Microsoft Certified: Power Platform Developer Associate (2025)
- Microsoft Certified: Dynamics 365 Fundamentals (CRM) (2023)
- Microsoft Certified: Power Platform Fundamentals (2023)
